GREAT CATTLE RANGE IN TEXAS.—A correspondent of the St Louis *Democrat* writes from Montague, Texas, May 24:

The people of the States do not understand the situation here. It is the great cattle range of Texas. Men own thousands of head. These cattle roam over a dozen counties; roam west sometimes fifty miles beyond the settlements. In the spring of the year, when grass comes, hands are hired, and cattle-hunters are out in parties everywhere; cattle are branded up; beef steers and dry cows sold or driven to market; yearlings branded, and then turned out for another year. Energy and a branding iron is all that is required to commence the cattle business here. Thousands of herds are gotten and driven North every year. These cattle hunters go but half armed, become careless and are an easy prey to the Indians

On some accounts, this is the best country in the world. Cattle live the year round without feeding; besides it is an excellent wheat and corn country. Cotton does well—six bales and a half to the acre, utmost without cultivation; and land can be bought from $1 to $5 per acre, according to improvements; besides, on the West, in Clay and Wichita, are thousands of acres of State lands. The State gives two hundred acres to any head of a family who will locate and cultivate three years.

Proposals for the Hire of Machinery.

SEALED PROPOSALS WILL BE RECEIVED UNTIL 2 o'clock P. M. July 8th, 1869, at the office of the undersigned, for the hire per day of a Steam Pile Driver on the site of the new Custom House, for the driving of 150 Piles, more or less. The weight of the hammer to be from 1,100 to 2,500 lbs.

The bids will include engine, engineer to run the engine, the furnishing of fuel, and water-gin on rollers, and all the necessary gear and machinery required for the working of the machine. The repairs to be made by the contractor without cost to the Government. Only days actually employed in work will be paid for, and fractions of days will be computed into days.

The machine to be ready to commence work by the 1st of August, 1869. Payment will be made monthly, in coin, upon the certificate of the Superintendent.

All bids must be accompanied by the bond of two responsible persons, in the sum of $2,000, that the bidder will accept and perform the contract if awarded to him; the bond to be approved by the U. S. District Judge or the Collector of the port.

The Department reserves the right to reject any and all bids if it be deemed for the Government to do so, and any bid that does not conform in every respect to the requirements of this advertisement will not be considered.

Proposals should be enclosed in a sealed envelope and endorsed, "Proposals for the hire of machinery," and addressed to the Superintendent.

Bidders are invited to be present at the opening of their bids.

Important Facts!!!

THE CAPITAL STOCK

—OF—

THE PACIFIC

MUTUAL LIFE INSURANCE CO.,

OF CALIFORNIA,

IS PAID IN,

IN GOLD COIN!!

—AND—

Cost Nothing to be INSURED!

This is Additional Security, Without Cost to the Insured, that the Capital Stock bears its own Interest!

THE PUBLIC CAN ACQUAINT ITSELF WITH the business reputation and standing of the Stockholders and Directors of the Company, and determine from that knowledge whether the affairs of the Company are likely to be honestly and fairly administered for the benefit of the Insured.

POLICIES ISSUED BY THE

PACIFIC MUTUAL

ARE NON-FORFEITABLE,

And by the Laws of California,

EXEMPT FROM EXECUTION!

Having completed the erection of their Mill and supplied it with the latest improved machinery, are prepared to supply the trade with the above descriptions of Paper.

Orders are respectfully solicited, and will receive prompt attention.

They are now prepared to make STRAW PAPER of any size or weight, on special order.

OFFICE AND WAREHOUSE—No. 5 Washington Street, Portland.

The Company will at any time make AN ADVANCE of Cash on its Policies as future Dividends.

No permits or extra rates required for traveling East or in Europe.

Dividends actually non-forfeitable.

Thirty days grace on the payment of all Premiums.

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash.

The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by Jan'y 1, 1870. This sum, enormous as it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of life insurance. The yield in the Eastern 8 per cent. compound monthly for ten years, is 119 per cent; hers at 12 per cent, for four years, and 10 per cent, for six, amounts to 200 per cent, or a difference of over 80 per cent. This is a family, $25,000,000 etc, or a difference of over 80 millions!

With these facts in view what Company will likely pay the highest dividends? Those of the PACIFIC are all loaned out at 1½ per cent per month.

Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth This involves the sending away annually, to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.

The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time

U. S. MARSHAL'S NOTICE.—DISTRICT OF OREGON.—Whereas a Libel has been filed in the District Court of the United States for the District of Oregon, on the 14th day of June, 1869, on behalf of the United States, against the Steamboat "Ann," her machinery, tackle, &c., alleging in substance that during the months of March, April and May, 1869, the said steamboat "Ann" was used and employed in transporting goods, wares and merchandise over the waters of the Willamette River, in the District aforesaid, navigable waters of the United States, without there having been first obtained from the proper officers a license therefor, as required by the laws of the United States, and praying process against said steamboat, her tackle, &c., and that the same may be condemned to pay the penalties thereby incurred. Now, therefore, in pursuance of the warrant under the seal of said court, to me directed and delivered, I do hereby give notice to all persons claiming the said steamb at "Ann," her tackle, &c., or in any manner interested therein, that they be and appear before the said Court, to be holden at the city of Portland, on Monday, the 5th day of July, 1869, at 10 o'clock in the forenoon of that day, then and there to interpose their claims and make their allegations in that behalf

HYGEIAN HOME

WATER CURE,

637 California Street,

Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,

SAN FRANCISCO.

DR. BARLOW J. SMITH

WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia, and with this new experience feels more fully prepared than ever to meet all the demands that Invalids may justly claim who desire to be cured by this rational form of medication.

In January last DR SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.

HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.

And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.

There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhœa or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchical and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhœa, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs.

Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases).

N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness The greatest care and neatness is observed in this respect No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.

We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment

We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvatures of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.

The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated, we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGIENIC MEDICATION, for they not only get well, but learn how to keep well

Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment).

DR SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic Society the first Wednesday in each month.

BARLOW J. SMITH, M. D.,
Proprietor and Consulting Physician.

PRESENTATION.—Mr H Bloomfield Superintendent of the Oregon Iron Works, having retired from the concern, and being about to leave for New York, the operatives tendered him a supper, on Saturday evening at the Lafayette Restaurant. Near the conclusion of the entertainment, Mr Trengore Foreman in the machine shop in behalf of the operatives, presented Mr Bloomfield with an elegant diamond pin as a token of their high esteem for him as a gentleman and friend, accompanying the presentation with hearty expressions of good will, and wishes for his future welfare. Mr Bloomfield accepted the gift with heartfelt thanks for the manifestation of regard from the men with whom he had been so long and pleasantly associated. The supper and presentation was altogether a happy affair. Mr Bloomfield will leave by the next steamer and will carry with him the best wishes of a large circle of warm friends whom he has attached by his demeanor as a genial gentleman and companion.

A CARD.—The reunion of the officers and soldiers of the Mexican war, took place on Saturday evening at the Council Chamber. A dispatch from General Lane was received during the day regretting the impossibility of not being present. After a conference with the Marshal of the day, to ascertain what arrangement he expected to make touching their position in line, and transportation during the ceremonies as to the first proposed by him, it was deemed unacceptable, and the second was not offered to be furnished. The body, therefore, declined to participate in the celebration and adjourned to the evening of next Monday, 12th inst., at the same place, at 7½ P. M., at which time a full attendance is invited, as steps will then be taken to effect a permanent organization. The meeting regrets that the polite invitation of the Committee of Arrangements could not, under such circumstances, be accepted

THE BOAT RACE TO-DAY.—At four o'clock this afternoon the boat racing will take place, the start to be made from the line of Washington street. The course will be thence to the west side of and around a buoy off Ross' Island, and back to across the line of Washington street. The first boat across said line to be declared the winner of the race, and receive a certificate from the Judge to that effect.

The conditions are: No limit as to quantity of sail, or number of crew; no allowance for time, tonnage or length; all to go in alike on their own bottom; make the most they can of the race and "the devil take the hindmost."

The following entries have been made: C B Talbot sails *Turtle*, distinguished by colors, scarlet with gold star; Upton & Bowman, *Fleetwing*, colors, blue and white. Welch & Gilman, *Flying Cloud*, colors, blue with white star. J. W. Stevens, *Star*, colors, blue with red diamond. Robert Stott, *Minnie*, colors, red and white.

ARRIVAL OF THE OREGON.—This steamer arrived from Victoria yesterday morning at 2 o'clock.

Memoranda—The steamship *Geo. S. Wright*, N. L. Rolgers, Commander, left Victoria July 2d; experienced dense fog; arrived at Astoria July 3d, 11 A. M.; saw brig *North Star* outside the bar; left Astoria July 3d, at 2 o'clock P. M.; arrived at Portland, Sunday 2 o'clock A. M.

Manifest 490 bbls. lime, Everding & Beebe; 300 do lime, Hurford & Hibbard; 26 do ale and porter, McCraken, Merrill & Co.

OREGON CITY FIRE DEPARTMENT.—The following is the organization of the Oregon City Fire Department:

Chief Engineer, A. J. Marshal: Assistant Engineer, J. L. Barlow.

Columbia Hook & Ladder Co. No. 1.—A. N. Miller, Foreman; William Eddy, 1st Assistant; Elliott J Swafford, 2d Assistant, J. L. Barlow, President; Eddie Whitlock, Secretary; Charles Pope, Treasurer.

Fountain Hose Co. No. 1.—Wm. H. Pope, Foreman; John H. Schram, 1st Assistant; 2d Assistant, John Kelly; President, John Myers; Secretary, J. M. Frazer; Treasurer, Wm. F. Highfield.

Ontarct Hose Co No 2.—Foreman Thomas J. Barry; 1st Assistant, Geo. Harding; 2d Assistant, Al Somers; President, Col. W. L. White; Secretary, Walter Moss. Treasurer, W. F. Barclay.

INDE'T CONNECT WITH THE TRAIN.—A pair of important, hairy, frizzled individuals, eminent at several bars, left their card at the hotel for G. N. T. That day a respectable man from the country, entered the office of one of them and asked, producing the card: "Is that your name?" "Yes." "Are you Mr. Train?" "No, sir, my name is Ladd, I live at St. Helens, am concerned in the saw mill there, and want to know what you want of me." "Glad to see you, Mr. Ladd. There's some mistake about this. You will excuse it, as you have been mistaken for the greatest man on the continent. Take this to Mr. B.; if he can translate it, it is more than the bar-keeper or anybody else can do." Who lost the most?

FINANCIAL CONDITION OF WASCO COUNTY.—The Grand Jury of Wasco county last week made a report, from which the following is an extract:

We submit the following as the condition of the affairs of the county, as appears by the books and vouchers of the Clerk and Treasurer, viz:

Indebtedness	$8,642 85
Cr. by cash in Treasurer's hands	$1,239 43
Delinquent tax	2,885 48
Total delinquent taxes and cash in hand	4,124 91
Balance of indebtedness	$4,517,64

DISAPPOINTED.—Not a little disappointment was felt by our citizens, on Saturday afternoon, at receiving a telegram from the Dalles to the effect that the fire company of that city would not be here to celebrate to-day. Our folks had been apprised by letter of the intention of the Dalles company to come down on Saturday; the Chief [illegible] had made all necessary preparations to receive and entertain them and had called out delegations from the several companies to meet and escort them to quarters. It was natural enough that our boys should be much disappointed.

SHOOTING AFFAIR IN YAMHILL COUNTY.—We learn that on Thursday, a man named Cleib Morris, met, at Cheshelem, a man named Hess, with whom he had an old feud and shot him with a revolver, the ball passing through his right arm, entering the right side near the lungs and passing entirely through the body, and coming out near the spine. It is thought the wounded man will die. The sheriff of the county came down and arrested Morris, and took him to Lafayette.

FIRE IN THE WOODS AND PRAIRIES.—There was a fire in the woods at Jackson's place, Clackamas county, on [illegible], by which Mr. Jackson lost twenty tons of hay. [illegible] were burned, so that there was no connection by stage, and the telegraph line was broken down. The dwelling house of Mrs. Whitney—a widow—on French Prairie was also burned this same day. No furniture saved. The fire got out on the prairie by accident, resulting as above.

LUMBER MILL AT CENTERVILLE.—The Columbia River Manufacturing Co. are about to undertake the building of a large lumbering mill at Centerville—250 ft by 84 ft and two stories high. It will contain all the latest improved machinery. The officers of the company are J. B. Knapp, President; S. W. Backus, Secretary; D. W. Grant, Treasurer; S. W. Abbott, Superintendent.

DINNER AT THE M. E. CHURCH.—At noon, and during the afternoon and evening of to-day, fifteen hundred people can be seated at any time, at the lunch tables in the audience room of the M. E. Church. Pies by the thousand, cake by the ton, ice-cream by the hogshead, and other things in proportion. Lunch, only 50 cents. Proceeds to be applied to finishing the church.

THE PALACE OF PORTLAND.—Mesmer & Frew, corner Front and Morrison streets, is well prepared for the Fourth. Coming through his store, yesterday, we noticed that he has a large number of new styles of Hats, stacked up by the thousand. He must expect to do a very large trade. We recommend the public to call and see his exhibition.

ARRIVALS.—The barks *Whistler* and *Alaska* arrived yesterday morning from San Francisco, each after being long time out.

The steam propeller *Fidelity*, Capt. White, in command, also arrived yesterday morning. She comes here to meet Maj. Gen. Thomas and staff and to transport them to Sitka.

SHORT CROPS IN WASHINGTON TERRITORY.—The postscript to a letter to this office, dated Delta, W. T., June 26, says: "I think now that we will not raise more than half a crop of anything, unless it shall be of corn, which looks well so far. Very dry, smoky and warm weather."

MAMMOTH GRAPE LEAF.—We have a grape leaf, taken from a vine of the Isabella variety, grown in the garden of Mr. Peters, of North Portland, which measures fifteen inches in diameter, either way. We think it would be hard to beat.

LAYING CORNER STS.—The ceremony of laying the corner stone of the Odd Fellows' Temple, will take place at four o'clock this afternoon. The members of all the lodges are requested to meet at the Hall opposite the Occident Hotel, at half past three o'clock.

COMMITTEE OF ARRANGEMENTS.—The members of the Committee of Arrangements are requested to meet at the parlor of the American Exchange Hotel, at half past eight o'clock this morning, to perfect all necessary arrangements for the celebration, to-day.

BE PROMPT.—Owing to the magnitude of the programme to be carried out to-day, it will be necessary—if vexatious delays are to be avoided—that everybody be prompt as to time of assembling, and in doing whatever each may have to do.

THE PARTY SATURDAY EVENING at the Washington Guards' Armory was one of the most pleasant affairs of the entire season. How could it be otherwise, with such excellent music, and so many "brave men and fair women?"

NEW OFFICE HOURS.—Hereafter, the telegraph office at this city will be open on Sundays from nine till eleven A. M., and from six till eight P. M. This will be a more convenient arrangement than the old one, for the people.

NO PAPER TO-MORROW.—All hands in the OREGONIAN office propose to devote those days, exclusively, to-day, to the celebration of our National Independence Day, and accordingly, no paper will be issued to-morrow.

HELD TO ANSWER.—Before Recorder Anderson, on Saturday, Frank Marvin was held to answer in the sum of $200, for threatening to do bodily injury.

ALARM OF FIRE.—A small fire was discovered on the tin roof of a brick house, corner Morris and Front, at about 11 o'clock last evening, or [illegible] put there to raise an alarm. The engines turned out promptly, but the fire was put out before they got [illegible].

MISTAKEN.—About two o'clock yesterday morning, one of the cooks on the steamer *Chimo*, then lying at Salem, went and near the water house, had the water and cut about the head and was nearly insensible condition. He could tell nothing at all of what had happened to him.

THE REV. JOHN FLAY have seen a letter from Rev. Benj. Tadd, in which he states that he will arrive at Portland some time during the present month. He is expected to remain during the winter.

OREGON CITY SEMINARY.—This institution is under the charge of Mr. S. D. Pratt, closed its summer term on Friday. The rolls show a total of 250 pupils, with an average daily attendance of 202.

NEW BANNER.—The Fenian Brotherhood of this city received last evening from San Francisco a large and beautiful new banner which will be hoisted by them on the pole [illegible] day.

CIRCUS.—Mr. Lee's circus continues to draw good houses. The performances are becoming better as the manager gets things better regulated.

THE POST OFFICE.—Postmaster Wakefield will keep the postoffice open to-day from eight o'clock A. M. and from three to six P. M.

WILL CLOSE.—The butcher shops of the city will close this morning at nine o'clock.

ISSUES.—Your attention is called to the advertisement of the New England Mutual Life Insurance Company, of Boston, in which you will find some clear statements and good reasons for insuring in that Company in preference to any other. The laws of Massachusetts are benefi[illegible] and equitable and allow of no forfeiture for reason of non payment of premium. A policy of life insurance is a fortune—it makes us feel rich here and provides for wife and darling little ones should we be [illegible] away. The value of human life is not to be measured by money. The end is not to be replaced by the means. Yet the end cannot exist without the means. Therefore, insure in the New England and make a bountiful provision for wife and little ones in case they should be deprived of your support.

ONE HUNDRED DOLLARS REWARD.—A chance to make one hundred dollars. We notice that R. C. Avery, the celebrated trance speaker and rope tier, will give one of his wonderful exhibitions of power to tie and untie himself. He ties himself in such a way that he gives any one the sum of *one hundred* dollars who will untie him. He performs without the aid of spirits.

Performance on Tuesday night, July 6th at Geo. Flavel's Theater. Doors open at 7½ o'clock, performance at 8 o'clock. Front seats reserved for ladies. Admission, 50 cents; reserved seats, 75 cents.

"LIFE SAVING AND LOAN BANK."—The people of the city patronize the OREGON DISPENSARY in order to save money and procure a loan of longer life by using our FRESH PURE and RELIABLE remedies, which are daily dispensed and preferred by the MOST RESPECTABLE and TALENTED PHYSICIANS in the city. Everybody takes a pull in patronizing our Store and thereby obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other *bric-a-brac*, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary.

INSURE IN THE NEW ENGLAND MUTUAL LIFE INSURANCE COMPANY!

WHY?

BECAUSE you get your first DIVIDEND to HELP PAY YOUR SECOND PREMIUM. You do not have to wait 3 or 4 years for the distributions.

BECAUSE we have NO STOCKHOLDERS to draw from 12 to 25 per cent on imaginary CAPITAL STOCK (personal promises to pay amounting from $50,000 to $50,000 annually).

Because the NEW ENGLAND is a Mutual and is a Home Company in all our broad and beautiful country, an American Institution—the first one framed on the PURELY MUTUAL plan on the Continent.

BESIDES it is the only Company offering you the protection of the Massachusetts Law.

For example. A person aged 35 insures for $1,000, pays $26 50 on it on the 1st July, 1869. Were he to die on the 4th July 1871—2 years and 3 days after, his policy would be paid. Thus:

Sum and not Policy is	$1,000 00
Deduct two annual payments he has not paid, $26 50 each and interest	54 82
The family would receive	945 18

No Snap Judgment here. This is what we call EQUITABLE and MUTUAL.

Five annual payments keep the Policy in force 10 years and 35 days.

Policies on which Note has been given for one-third of the Premiums.

Five payments will continue in force nearly five years after payments have ceased.

On ENDOWMENT POLICY the time is prolonged in proportion to the amount paid.

Take the statements of no solicitor for other Companies of our beneficent workings, but call and satisfy yourselves. We will be pleased at all time to communicate every information.

THE New England Mutual

Is the only Company on this Coast that offers the above advantages to Policy-Holders.

The above examples are facts that are incontrovertible, and will be proven to the satisfaction of all persons calling on our agents.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which he guarantees, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior produce for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very defective bag though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

MONDAY MORNING, JULY 5, 1869.

Independence Day

Our national career is but just beginning marvellous as has been our national progress the days of '76 it is nothing to the progress which lies yet before us. Heretofore have been advancing through the first ages of an ascending geometrical progression. But now we have reached a point in its progression whence it begins to expand with an amazing rapidity. It doubles upon with the most astonishing results. The an of these times is witnessing more of ogress, and realizing more of an active, energetic and continually expanding life, than as witnessed or realized by all his ancestors uring the space of three centuries. It is ninety-three years since the American nation prang into being. Ninety-three years is not en the extreme limit of human life; it is but short space in the life of a nation. And, looking forward now to the future, the imagination is dazzled by visions of our coming ational greatness and power.

We glorify the deeds of our fathers by which ir independence was secured and our country started forward in its career of greatness. heir deeds can never be forgotten. Equally nperishable are the deeds of the brave men ho, within this decade, have vindicated our lea of nationality and upheld the dignity and uthority of the Republic. Let jaundiced oliticians try how they will hide the glory hich was won in the late struggle for national unity and supremacy, that glory nevertheless will neither be eclipsed nor diminished; nd those who preserved the nation will forever stand in the affections of their countrymen on an equality with those who called the nation into being. Honor and glory, through all time, will equally attend them. And let those who hold it an offence to hear Gettysburg mentioned on the Fourth of July, assure themselves that the judgment of history will not be reversed at their bidding, and that Gettysburg, Atlanta and Appomattox will ever be coupled in honor with Bunker Hill, Saratoga and Yorktown.

The strength and flexibility of our institutions have been put to the test and their power has been established. The Old World is pouring its population upon our shores to open and develop the marvellous resources contained within our imperial boundaries. The increase of wealth keeps pace with the increase of population; education is being more and more diffused and its standard is raised higher and higher. The present generation must see this nation so vastly superior in wealth and strength to all others which have preceded it that the greatness of our country over all others will be unquestioned and unchallenged, the next will, from present appearances, see this Republic occupy in respect to the rest of the world, almost the position which was once held by the Roman Empire. We have yet millions of acres of land inviting settlers to establish themselves in comfortable and prosperous homes; there are labor-saving machines to do the drudgery which man once had to perform with his own hands; steam is concentrating our population by shortening distances, and the facility with which we may travel from one extremity of the continent to the other enlarges our horizon and teaches us that we are citizens of a mighty country and not merely of a State or province.

There is peace and plenty throughout our land. No calamity, so far as human eyes can see, is impending over us. All the signs for the future are auspicious and full of promise. The honor of the country is secure. The great debt that was created in upholding the national authority is rapidly melting away. In paying this debt so rapidly we are doing what no other nation could accomplish. Our people are proving their honesty to the world, and showing to the world the wondrous resources of our country. Industrious people from all lands are flocking hither to share our advantages and enjoy our freedom. It is for us, on the natal day of the Republic, to return thanks to the God of nations that we have been preserved, and that "government of the people, by the people, and for the people, has not perished from the earth."

Honor to the sagacious and immortal men who planted here the seeds of Republican institutions, with a faith that they would grow and bring forth perennial fruit; and honor to the brave men, living and dead, who saved the nation during the late fiery ordeal of war and preserved for us this day of glorious recollections, this Fourth day of July!

In General.

A cable dispatch giving news from China, says: "The Chinese have offered further insult to foreigners." We do hope the Chinese will not descend so low as to retaliate upon our people in their country for the indignities and violence heaped upon the Chinese in San Francisco and throughout California by the enlightened Democracy of that State.

The contract for furnishing hay for the Government at Camp Harney has been let, we learn, for $8,85 per ton. Less than two years ago the contractors received from $40 to $60 per ton for hay at that point. The present reduction is the result of the fair competition which is now allowed in this department. It seems pretty clear that a handsome thing was made on hay no great while ago.

The election in Virginia will take place to-morrow, (Tuesday). The vote is to be taken on the following propositions: 1. For or against the expurgated Constitution—(there is no vote on the unexpurgated Constitution.) 2. For or against the test-oath. 3. For or against the disfranchising clauses. 4. For the candidates for Governor, Lieutenant Governor and Attorney General; for the Legislature and for Congress.

We beg the *Mountaineer* to believe that it has not "jealousy against the Dalles" which led us to publish an article which appeared in this paper some days ago relative to the Dalles and Boise Military Road. The Dalles is a fine town, but it cannot excite the smallest jealousy on the part of Portland. What we said about the road was said upon representations of numerous persons in Grant County. It appears that the whole people there are somehow united in opposition to the road. We have not the smallest prejudice against the Company or their enterprise, and, providing that the road is as direct as possible and well constructed, we have nothing to say against it which would not apply to every other "military road" in the State.

George Hunnewell is the oldest prisoner in the Charlestown (Mass.) State Prison. While the workmen were engaged in putting up the cupola of the prison he discovered them at work there and asked to be allowed to go up and look off. His request was granted, and he was furnished with an opera glass and made the ascent. It was the first time he had looked out upon the world for twenty-one years. He turned his glass towards his old home in Cambridge. "It is all changed," was his only comment.

It is greatly to be desired that those who are so illiberal in their views regarding the Chinese should read and consider the address delivered a few days ago in San Francisco by Fung Tang, a leading Chinese merchant, to the House Committee of Ways and Means, now in that city. The speech contained much sound sense in a short space; it says the Chinese merchants strive to be fair and honest in their dealings with the merchants of this country some of whom have trusted them for hundreds of thousands of dollars at a time, without security, and have been promptly paid. They desire better protection from the Courts, and say.

America is probably better known to the Chinese people than any other country, because many of our people have lived here and written home faithful accounts of the country. China is a very old nation, but our people have learned many new things from Americans. The population of China is very large and intercourse between our two countries will be very intimate, if we have just laws to protect us. You probably know that we have very rich merchants and bankers in China, but we cannot advise them to risk their capital here when their agent cannot testify in your courts, for, like your own capitalists, they wish to know that their property is protected and secure to them before parting with it. Much gold and silver is hoarded in China, which might be used profitably here, if the Chinese felt sure we had full and proper protection.

They desire to increase the trade between the countries, and express themselves as follows.

We have introduced your grain and other American produce into China, and labored to establish a trade, which, if properly encouraged, must prove of great value to this country. We hope you will pass a law doubling the Government pay to your line of China steamers, and oblige them to run each way twice a month, for we feel certain that the cost will be small, when compared to the benefits your country will receive. Capt Eldridge will tell you how much of their freight and passage money is paid by our people now—and should you increase the number of trips, we will do all in our power to support this line, and thus insure its success.

They object to the imposition of special taxes, and say.

We think your special tax, collected *only* from Chinese miners, is not according to our treaty with your Government. We are willing to pay taxes cheerfully, when taxed equally with others. We also think the tax of five dollars collected from each Chinaman for coming into this State is not right, if this is a free country. But most of all, we feel the want of protection to life and property when courts of justice refuse our testimony, and thus leave us defenseless and unable to obtain justice for ourselves, and often for others.

A leading California paper says of this address: "The common sense of Fung Tang ought to put our demagogues to shame. He says nothing about citizenship or suffrage. He asks only what his countrymen actually need—decent and friendly treatment, their lack of which is in itself a sufficient proof that no one is seeking to make voters of them. And this simple justice is asked of us not for their own sakes, but our own, upon our granting it depends every benefit we can derive from our position on this Pacific coast."

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, July 4.—Henry Wm. Long, a colored person in the employ of the People's Insurance Company, absconded yesterday noon with $1,500 which he had obtained on a check which had been entrusted to him for collection.

Willie Hopkins, aged ten years, had two fingers blown off by the premature discharge of a small cannon last night.

Dr. Pierce was knocked down by an unknown man at twelve o'clock last night. A fearful gash as if done with a sharp instrument was cut under the eye.

The regatta on the Bay to-morrow, under the supervision of the Harbor Masters Benevolent Association, promises to be a fine affair. 24 vessels have already been entered.

The city is profusely decorated with flags to-day.

A meeting of colored citizens was held on Friday evening, at which they passed resolutions declining to take part in the Fourth of July festivities to morrow, because of the Copperhead character of the celebration and management.

Kenneth McDowell has sued the California, Oregon and Mexican Steamship Company to recover $2,160 damages sustained on board their steamer from San Diego, from being drenched with water through defendant's carelessness, which caused plaintiff a long spell of sickness.

The *Great Republic* sailed for Yokohama and Hong Kong, yesterday afternoon, carrying $858,631 48 treasure.

The Pacific Mail Company's steamer, *Golden City*, arrived yesterday from Panama with 161 passengers.

FROM THE DALLES.—The *Mountaineer* furnishes the following items:

Green corn has been in market for the last week. Who is ahead?

General Geo. H. Thomas, Commander of the Military Division of the Pacific, is expected to arrive here in a day or two en route for Portland.

We have been told by steamboat men that the probability is the Columbia river will be so low the coming fall, judging from present appearances, that steamboats will not be able to reach Umatilla.

The Good Templars of this city intend having a picnic at White Salmon, W. T., Monday, the 5th instant. They will meet at their Hall at six o'clock in the morning, and start on the boat at 7.

The following is a list of officers elected in Columbia Lodge, No. 5, I. O. O. F., of this city, to serve for the term beginning July 1st: Robert Fleck, N. G.; Wm. Mitchell, V. G.; Thomas Miller, Treasurer and Wm. M. Hand, Secretary.

We are informed that a drove of some 1,600 sheep belonging to Messrs. Mulkey & Atterbury, were driven to Long Rock valley, another drove of over 2,000 head are now in the vicinity of Oak Grove. Still another drove of 1,000 head arrived yesterday in this city destined for Chenoweth Creek. These sheep have just crossed the Cascade mountains from the Willamette. A gentleman who has crossed the mountains, tells us that up to June 25th, 15,000 head of sheep, thirty two families and several thousand head of cattle, had passed the toll gate on the "Barlow Road."

VANCOUVER ITEMS.—From the *Register* we learn that the Republicans had a jubilation last Wednesday over the election of Mr. Garfield. Seventeen guns were fired, the 23d Infantry Band played. Messrs. A. G. Cook, H. G. Struve and Judge Atkinson Smith made speeches at Brandt's Hall. Mr. Garfield spoke with great modesty and gratitude of the noble band of men who had supported him during the canvass, and stated that at an early day he should start for "the States," to assist in the coming elections of Ohio and Pennsylvania. After the speech which was received with hearty cheering and continuous applause, all jumping to their feet, the band proceeding ahead, the citizens escorted him to the Alta House. Hunting was flying all over town. Democrats vieing with Republicans in doing him honor.

Vancouver Lodge No. 4, I. O. O. F., elected the following officers for the ensuing term: H. G. Struve, N. G.; D. D. Mayer, V. G.; J. C. Ellerman, R. S.; G. W. Brownmiller, Cor. Secretary; J. J. Rankin, Treasurer. They were installed Saturday evening.

Mr. Garfield with a party of gentlemen will start for Mt. T. J. Fletcher, on Thursday. He is all enthusiasm. His active temperament chafes under the [illegible] and so he exercises more than he ought. He was at the residence of Mr. G. W. J. nes.

THE DAY fixed to commence work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & FISHEL will continue to sell the very best clothing in that time at remarkably low figures.

That "Train" passing through our city has indeed created an excitement. He claims to be on his way to the Whitehouse. Irishmen claim him as their Patriot Englishmen don't claim him at all, and Kohn & Fishel claim to have the largest, best and finest stock of clothing and Gents' Furnishing Goods in the city, and undoubtedly can give sufficient proof that they are selling lower than any other house in Oregon.

DISPATCHES TO THE OREGONIAN

DATES TO JULY 3.

LAST NIGHT'S DISPATCHES

The President's Letter to Secretary Borie.

WASHINGTON, July 3.—The following is a correct copy of the President's letter accepting Mr. Borie's resignation, which was taken from a copy secured by Mr. Borie to the executive mansion. The letter was written while Mr. Borie was in the President's room and was taken away before copies were made, and but for that reason the President would have furnished a copy.

HON. A. E. BORIE, Secretary of the Navy. Dear Sir:—Your letter of this date, tendering your resignation of the position of Secretary of the Navy, was received. I need not assure you how much I regret the severance of our official connection or how confident I am that the high esteem I have always felt for you, increased by further acquaintance, will continue while our acquaintance lasts. I accept your resignation with regret. I hope the quiet you will find in retirement may restore you to perfect health. With great respect, your obedient servant.

U. S. GRANT.

Washington News.

The Treasury Office was removed to day from the old Treasury building to the new Department in the north extension.

WASHINGTON, July 3.—The report that the Assistant Treasurer was instructed to buy $3,000,000 more of Government bonds next week is premature, if not unfounded.

WASHINGTON, July 3.—Brt. Maj. Gen. W. B. Hazen, of the U. S. Infantry, in addition to his present duties in the Indian territory, has been directed to act as Superintendent of Indian Affairs for Southern Arizona.

Ex-President Johnson left this morning for Greenville, Tennessee.

There is authority for stating that no Cabinet changes are contemplated. All that has been recently said on that subject in the various papers was merely speculation.

The *Evening Star* says the Third Auditor of the Treasury consented to give Dr. Mary E. Walker a clerkship in his office, but the appointment being submitted to the Secretary for approval, that official refused. At present the matter is held in abeyance.

St. Louis Dispatch.

ST. LOUIS, July 3.—The St. Louis county bonds protested at New York yesterday, were protested for non payment in gold. The county had plenty of currency to redeem them but gold was demanded.

Letters and dispatches from Kansas continue to report great loss of life and property by the recent flood. The captain of the steamer *Mountaineer* reports seeing seventeen dead bodies of men, women and children taken out of the creek below Council Bluffs.

Storm in Iowa.

DUBUQUE, Iowa, July 3.—One of the most fearful storms ever known, has just passed through the lower part of Lincoln county. It pursued nearly the same paths marked out by the famous Camanche hurricane in 1856. Nothing was able to cope with it or withstand its progress. Fences were swept away like chaff, trees wrenched out by the roots, and cattle, hogs and poultry taken up in the air and carried a great distance and killed. The greatest scene of ruin and desolation was wrought at Malone Station on the northwestern road. Nearly every house in the village was leveled to the ground. One woman was killed and several severely wounded. The damage to property is estimated at several thousand dollars.

Small Pox in Albany.

ALBANY, July 3.—At a meeting of the Board of Health of the city, the fact was developed that small pox prevails here to a considerable but not serious extent. General vaccination was recommended.

Owing to the scarcity of Lehigh coal, two foundries here have suspended operations.

More Donations by Peabody.

NEW YORK, July 3.—At a meeting of the Trustees of the Peabody Education Fund held here on Thursday, George Peabody added $1,000,000 in railroad and other bonds, mostly Southern, to the Peabody Educational Fund, and $384,000 in Florida six per cent. bonds and over due coupons.

General News Items.

NEW YORK, July 3.—Thousands of people left the city this afternoon to escape the heat, noise and confusion in the streets next Monday.

AUGUSTA, Me., July 3.—The Board of Managers of the Military Asylum elected Col. Nathan Cutter, of Augusta, Col. E. D. Ludwick, Governor of the Maine Asylum.

MEMPHIS, July 3.—Since the 23d of June 22 persons, all negroes but two, have been sent to the penitentiary by the criminal court of Memphis. The aggregate of the terms amount to over one hundred years.

Capt. Thompson and Prof. Brooke made an ascention in a balloon this afternoon, to which is attached a mechanical contrivance of their own construction for descending or ascending without discharging ballast or gas. When last heard from they were going north at the rate of 30 miles per hour.

Miscellaneous.

PHILADELPHIA, July 3.—The statue of Washington, presented to the city by the school children, was to day placed on its pedestal in front of Independence Hall. The monument will be unveiled on Monday with appropriate ceremonies in which the school children will take a prominent part.

BOSTON, June 3.—Rosanna Ryan was committed to the Cambridge jail yesterday, in default of $5,000 bail, charged with causing the death of her stepson, six years old, by whipping.

POUGHKEEPSIE, July 3.—Convict Drake, shot in the revolt in Sing Sing on Wednesday, died to-day.

NEW HAVEN, Conn., June 3.—The freshmen base ball clubs of Yale and Brown's Universities played a game in this city to day. The result was in favor of Yale. Score 30 to 14.

BOSTON, July 3.—The Massachusetts State Constables are attempting to enforce the new prohibitory liquor law. It is feared that some trouble will occur. The penalties under the law are heavy—for a single sale $10 fine and from twenty to thirty days imprisonment; for second violation $20 fine and thirty to sixty days imprisonment; every subsequent violation $50 fine and three to six months imprisonment. The seller is liable for all damages done by the buyer or drinker while drunk. Any person arrested for drunkenness can escape prosecution by appearing as witness against the person from whom the liquor was bought.

DETROIT, July 3.—The *Post* publishes a letter from Mrs. Powell, wife of Major Powell, commander of the expedition, reported by John A. Risdon to be lost. Mrs. Powell has been with the party for the past two years and recently left it. She states that no such man as Risdon belonged to it, that the names given by him are all fictitious. The disaster is reported to have occurred on the 8th of May. Mrs. Powell received a letter from her husband dated the 22d of May.

NEW YORK, July 3.—Kate Fisher has caused the arrest of an actor named Stanton, on a charge of slander by calling her a thief.

Another Spanish gunboat was launched to-day.

CINCINNATI, July 3.—The trustees for building the Cincinnati and Southern Railroad, qualified to-day and filed bonds in the sum of one hundred thousand dollars each.

BALTIMORE, July 3.—A canal boat from Tonawanda, Lake Erie, arrived here yesterday with a full cargo.

PROVIDENCE, July 3.—A reunion of the 9th Army Corps, occurs on the 7th inst at Rocky Point, Narragansett Bay.

BOSTON, July 3.—Ball's equestrian statue of Washington, was unveiled this P. M. in the public garden in the presence of several thousand spectators.

NEW ORLEANS, July 3.—Enough of the second cigars have been re weighed to prove fraud beyond doubt. The schooner *Andromeda*, lying at quarantine, loaded with cigars, consigned to Chautoguire & Co., has been taken in charge by Custom House officers.

Indians Dissatisfied.

CHICAGO, July 3.—Reports from the Indian country say the Indians are dissatisfied and don't understand the Quakers. They prefer Harney, for they know what they can do with him and what to depend on. If provisions are not sent them promptly there will be trouble. Passengers from Buffalo report Indian outrages at Grand River and Big Chuvenne. The whites are greatly excited. The Indians have received no supplies and have been repeatedly deceived. They are firing into steamboats and threatening death to all whites.

Cuban Affairs.

CHICAGO, July 3.—A special to the *Tribune* from Erie, Pennsylvania, says a Cuban expedition of 500 men arrived here this afternoon from Philadelphia. They will cross to Canada to-morrow morning and embark on a vessel clearing from a Canadian port. The Cuban leaders who visited Washington this week seem disgruntled by the Government's enforcement of the neutrality laws.

The attaches of the British Legation talk as though they had suffered a defeat. The inference is that they hoped to hold on the departure of the Great Eastern controversy. General Banks has been here several days advocating the recognition of Cuban belligerency, but don't appear to have made much progress as the subject was not mentioned at the Cabinet meeting to-day.

The *Tribune's* New York special says Marshal Barlow and Admiral Gordon are each trying to throw the care of the Cuban prisoners on the press. Both refused to feed them, so the Patriots went dinnerless in consequence. In the afternoon the Admiral decided to feed them with provisions captured in the steamer *Whitney*. The Cubans are confident that most of the arms on the Virginius can be rescued from seizure, on the ground that they had not been delivered to the Cubans, but were in the name of a New York house. The Cuban Junta are preparing an appeal to the American people for aid and sympathy.

HAVANA, June 3.—Affairs are quiet. No apprehensions are entertained of any disturbance.

An account has been received of a recent engagement between the government troops and the insurgents.

The party which left Nuevitas on the 27th of May to reinforce Puerto Padre returned in a pitiable condition, the cholera having broken out among them. They secured their object of conveying town from Puerto Padre to Las Tunas in the interior. They were embarrassed and finally attacked at La Bredosa. The rebels were repulsed with a loss of 80. Spanish loss 76 killed and wounded. The insurgents get credit for bravery and retiring in good order.

There was a report of an intention on the part of the Spaniards to give up Rio, between Nuevitas and Principe.

NEW YORK, June 3.—The Cuban prisoners at the Navy Yard were released to day on giving bonds to keep the peace and appear when called upon for trial.

Dr. Bassora and Senor Alsafere are at the Tombs in company with Gen. Gorcorca.

Nothing has been heard of Col. Ryan yet, the Revenue Cutter that went in search of him not having returned.

BY ATLANTIC CABLE.

LONDON, July 3.—The *Herald's* special says that Carlist risings are reported in Spain.

At Vittoria the streets were filled with a revolutionary mob armed with scythes and revolvers shouting for Carlists and Cabra. They murdered the Alcade and wounded thirty citizens, many mortally. Similar risings are reported in Carthagenea and Valencia. Troops have been dispatched to suppress them.

MADRID, July 3.—In the Cortes to day, the Ministers of the Interior and Justice declared that the clergy and municipal authorities are ready and willing to take the oath prescribed by the Constitution. National troops had been dispatched against the Carlists in the Andolusia district.

LISBON, July 3.—The steamer has just arrived from Fayal and brings intelligence that serious disturbances have broken out in various parts of the Azores in consequence of increase of taxes.

BREST, July 3.—A dispatch from the *Great Eastern*, dated Friday evening, states that the steamer had run 1020 knots from Brest and paid out 1143 knots of cable. The cable insulation is continually improving.

PARIS, July 3.—Sixty-one more of the recent electoral members of the new corps have been declared elected.

LONDON, July 3.—The *Times* of to day says that the votes in the House of Lords last evening had the effect to render the Irish Church Bill more favorable to the established church and more offensively partial in its provisions. Archbishop Cullen has addressed a letter to the officers of the Catholic college, saying that if the bill is mutilated by the House of Lords the nation must have a fuller measure of justice.

BY STATE TELEGRAPH.

JACKSONVILLE, July 1.—On Monday last W. A. Gibson, of Jump Off Joe, in this county, sustained a fracture of both bones of the right leg by being dragged by a colt which he had lassoed. Amputation was resorted to and he died under the operation yesterday.

ALBANY, July 3.—At the celebration yesterday two members of the Albany Fire Company, Wm. Rankin and C. W. Brotherhead, were severely injured by the premature discharge of an anvil, while assisting in firing a salute. At one time fears were entertained that Mr. Brotherhead would lose his sight. The faces of both men were badly burned, but it is now thought that they will recover.

SALEM, July 3.—A shooting scrape occurred this afternoon between Herren and a man named Leonard. The former got shot in the thigh, and the latter got severely punished therefor. Otherwise everything passed off pleasantly.

GEO. B. COOK

Would notify his friends and the traveling public, that he has disposed of his interest in the Cosmopolitan Hotel and property, with Mr. S. D. SMITH, to keep the WESTERN HOTEL in better order, and set a better Table, than is or ever has been in the Hotel he was formerly connected with.

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. B. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change [illegible] this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

DISPATCHES TO THE OREGONIAN

DATES TO JULY 3.

The Pacific Railroad.

CHICAGO, July 2.—The *Tribune's* Washington special says that the report of Messrs. Warren and Wilson, on the Pacific Railroad was received by the Secretary to-day, and will probably be given to the press in a few days. It appears that these two gentlemen did not take the same view of their instructions as Morris did, and their report instead of being on the whole road, as his was, is only upon a section of about one hundred miles at the junction of the two roads. It was said at the Secretary's office that Morris was neither desired nor expected to report upon the whole road, and his discussion of our railroad policy, past, present and future, is nothing but an outbreak of his zeal, which he must have repressed if he paid the least attention to his instructions.

OMAHA, July 1.—The Union Pacific Railroad Directors arrived this morning, and will leave for Sacramento to morrow morning. The travel westward is very heavy.

Political News.

PHILADELPHIA, June 30.—The President of the Irish Republic Association of Pennsylvania, in a card just issued, states that efforts are being made to pack the Irish Republican Convention at Chicago on the 4th of July with Irish Democrats from this and other States. No delegate from Pennsylvania will be admitted to the Convention unless with credentials made out and signed by the proper authorities. The convention will not assemble in the interest of any clique or wing of Irish or American politicians, but to give support to the Government on principles of universal suffrage, protection to the American Union, the social and political elevation of the Irish race in both hemispheres.

NEW ORLEANS, July 1.—The Congressional committee of investigation into the conduct during the November elections in this city and State, consisting of Strader of Ohio, Beaman, of Michigan and Kerr of Indiana, will adjourn to day, the last witness being Gov Warmouth. The committee has been in session continuously for a month, sitting daily for seven or eight hours. It has examined some five hundred witnesses from every quarter of the State, embracing five contested election cases. The most important of the testimony relates to the disturbance in this city and the parishes of Bassee and St. Bernard. Much relates to a secret order known as Knights of the White Camelia. The testimony covers 2,000 printed pages.

NEW YORK, July 2.—The Union Republican General Committee, to night adopted resolutions censuring Marshal Barlow, and demanding his removal, on the ground that he had not appointed a Republican to any office in his gift.

RICHMOND, July 2.—A barbecue was given by Mr. Walker, to the Conservatives at Vaux Hall's Island, adjoining this city.

About three o'clock P. M., the chain bridge loading to the Island was so crowded that it gave way, carrying down about sixty persons. Col. Branch, a prominent broker and conservative, candidate for the Senate, was instantly killed. Also a policeman, who was stationed on the bridge to prevent the crowd from rushing on. Seven colored men were fatally injured.

St. Louis Dispatches.

ST. LOUIS, July 2.—The New York and New Orleans steamship *Wilmington* has been chartered in New York for a trip to St. Louis. She will leave as soon as she is laden all the freight that is engaged.

The Grain Association, to day, sold 34,000 bushels of wheat for shipment to Europe, which has been in an elevator in New Orleans for several weeks and is as sweet and sound as when stored.

It is stated that $100,000 of the St. Louis county bonds were protested in New York, to day and that the money belonging to county, deposited there, had been attached.

Col. J. C. McIlhaney, an old and distinguished citizen of Missouri, died here to day.

South America.

NEW YORK, July 1.—The steamer *Alaska* left Aspinwall on the 23d of June. She has $90,000 in treasure. She reports that on the 26th of June she saw the steamer *Quaker City* steering southwest.

The Costa Rican Congress has confirmed the contract with the American company for building a railroad from Hilton, on the Atlantic, to the Gulf of Lorst, on the Pacific coast.

McBride, the U. S. Minister to Bolivia, arrived at Lima on the 9th of June.

LISBON, June 30.—When the mail steamer left Rio Janeiro, June 8th, it was officially reported that Lopez had proposed to leave Paraguay on certain conditions.

Our English and two American officers had been permitted to pass through the lines of the allied army to the Paraguayan camp. The Americans were received by Lopez, but the Englishman was refused admittance within the lines.

Reports from Brazilian sources state that Lopez had offered, through General McMahon, to surrender his army on the condition that he be granted his personal freedom and permission to leave the country.

Later from China and Japan.

HONG KONG, June 9.—A great and decisive battle has been fought between the Imperialists and Mohammedan rebels. The latter were defeated with a loss of 20,000.

The Chinese had offered further insult to foreigners.

The news from Japan is very unfavorable. The civil war continues and heavy fighting is anticipated.

New York News.

CHICAGO, July 1.—A *Tribune's* New York special says the captured Cuban expedition cost the Cuban Junta $90,000. Leading Cubans say that they are not discouraged, and will fit out another expedition as soon as possible.

The appearance of Edward B. Ketchum, the forger, in Court, to day, on a writ of *habeas corpus*, caused much discussion in legal and business circles. The District Attorney argued that the Court had no right to release on bail a State prisoner, after final action by the Court. He said if Judge Barnard did release Ketchum on bail, it would be the first time such a thing was ever done, and the last. The prisoner's counsel based his argument for the release of Ketchum on technical grounds. He was sentenced for forgery, while the indictment charged that he attempted to pass forged checks, which was another offence. Many of Ketchum's friends were in Court. The prisoner does not seem to have suffered from his confinement. Decision is promised to be rendered on Friday.

NEW YORK, June 2.—Ketchum, the forger, was remanded to prison to serve out his sentence. The counsel of the prisoner stated that the latter did not desire release. He considered that the sentence was deserved, but the proceedings were brought about by his father.

Personal Mention.

CAMDEN, N. J., June 2.—General Roberson, Secretary of the Navy, was serenaded last night. Resolutions eulogizing him for his services to the state were passed.

ALBANY, July 2.—The election of President of the Union College has been postponed one month. Professor David Murray, of Albany, is said to have the best prospect of election.

SARATOGA, July 30.—Hon. George Briggs, for several years a member of Congress from New York City, died at his summer residence here to-day.

BALTIMORE, July 1.—A duel was fought at Holly Springs on the York road, yesterday, between two young men of this city, formerly of the Confederate army. The cause of the disagreement was the bravery of certain Confederate troops. Nobody hurt.

CHICAGO, July 2.—Col. Jones, Superintendent of Indian Affairs for Idaho, arrived here to-night en route for his post.

Crimes and Casualties.

ALBANY, July 1.—Captain Gresham, of the Third District police station in this city, yesterday found on his desk what appeared to be a small ball, in attempting to cut it with a knife it exploded, lacerating his hands slightly, and wounding his forehead. Another officer near was shocked by the explosion. A ball passed out of the Captain's hand and entered the wall.

CHICAGO, July 2.—John A. Logan, the sole survivor of the Mary Powell Exploring Expedition, which went from this State, arrived at Springfield to day. He confirms the report of the drowning of the whole expedition, consisting of twenty men by swamping in the rapids of Colorado river.

WILMINGTON, July 1.—An explosion occurred at the Dupont Powder Works this morning. Two men killed. The damage was small.

CINCINNATI, July 2.—Last evening a tug steaming up the river struck a small ferry boat crossing the river, with ten or twelve passengers and shivered it to atoms. Five persons are supposed to have been drowned.

FORTRESS MONROE, July 2.—The French corvette, *Courier*, from Martinique, is in quarantine with 18 cases of vomit on board. She buried two men at sea yesterday, three the day before, and three to day. The captain, first officer and surgeon are dying. She will take on provisions and coal as soon as possible and proceed north.

Thirsty Boston.

BOSTON, July 1.—Hotels have all closed their bars to day, in obedience to a notification by the constable. It is averred that considerable excitement among thirsty crowds will occur. Private entrances are in demand.

Treasury Matters—Large Reduction of the Debt.

CHICAGO, July 1.—The *Times'* special says several clerks were discharged last night, the fiscal year having closed and appropriations ended. Two hundred were discharged from the Treasury and War Departments. About six hundred clerks in all have been discharged from the Treasury Department.

The showing of the Treasury books at the close of the fiscal year is exceedingly good, better than the most sanguine estimates.

Secretary McCulloch's estimates of the custom receipts last December were $174,000,000. Special Commissioner Wells estimated $170,000,000 the actual receipts to-night are $179,000,000, when all do the way are credited there will be $182,000,000. McCulloch's Internal Revenue estimate was $149,000,000. Rollins' $145,000,000, Wells' $155,000,000, the actual receipts this evening are $168,000,000, but when all on the way are credited there will be $160,000,000. The receipts from miscellaneous sources are not known, but they will be about $21,000,000, giving the aggregate Government receipts for the year at $375,000,000, which is $16,000,000 above Mr. Wells' estimate, and $23,000,000 above McCulloch's. The expenditures for the year cannot be estimated yet. Wells estimated the receipts at $336,000,000 above the expenditures, McCulloch $20,000,000, while in fact the balance on the right side will be at least $40,000,000, and may reach $50,000,000. Delamar's calculations make pleasant reading in light of these facts.

The great reduction of the public debt during the month was as great a surprise to Secretary Boutwell as any one else. It was thought on Monday that the amount would be eight million dollars. The unexpected increase is due to the large receipts on Tuesday and Wednesday, and the small expenditures. The expenditures during July will be heavy, and it is not likely that the next statement will show as much reduction.

A Johnson Again.

WASHINGTON, July 2.—Some time since it was announced that Andrew Johnson would be serenaded at 8 o'clock last night, but up to 10 o'clock no band appeared, and most of the crowd which had collected retired.

WASHINGTON, July 2.—Ex-President Johnson was serenaded to-night. He made a speech and said he believed the time would come ere long, when the people would be aroused to the importance of preserving the great principles which have been overthrown and trampled on, expressing the belief that the day was not far distant when they would meet under more auspicious circumstances. He was much applauded.

Terrible Storm in Kansas.

ST. LOUIS, July 1.—Advices from Kansas in regard to the late storm and freshet in that State, say that in the neighborhood of Junction City and west of there the flood is reported as greater than any other since the settlement of the State. Bridges were carried away, houses destroyed and many lives lost. The greatest disaster occurred on Chapman Creek, thirteen miles west of Junction City, where several houses were washed away and thirteen persons known to be drowned. It is supposed that a number of others perished. The rise in the streams was sudden and unexpected, and before the residents of the valley were aware of danger, they were surrounded by water and all chance to escape cut off. It is reported that numbers escaped by climbing trees, and in that situation they were awaiting the decline of the flood.

At Manhattan fourteen dead bodies were seen floating down the river. The railroad bridge over Chapman Creek is gone, another at Eureka, and the new railroad bridge just completed on the southern branch of the road across Smoky Hill Fork, opposite Junction City, was swept away. At Topeka the pontoon bridge and the bridge at Chicon are severely damaged and in a dangerous condition. In other sections of the country many streams are full. If the present weather continues the crops in that section will suffer badly.

MEMPHIS, July 2.—An earthquake this morning was felt at Holly Springs, and Madison, Ark. The vibration lasted half a minute.

CHICAGO, July 2.—Two distinct shocks of earthquake were felt at Alton, Illinois, this morning, shaking houses and considerably alarming the whole population.

ST. LOUIS, July 2.—A sharp shock of earthquake was felt here between one and two o'clock this morning. The wave traveled north and south, and lasted five to ten seconds. It was felt within a circuit of ten miles from here, and at Cairo it was quite severe.

Pennsylvania Affairs.

MAUCH CHUNK, Penn., July 2.—The Lehigh Coal and Navigation Company met. The President and the Miner's Association had agreed on a basis of terms which was not very satisfactory to the Company, as the miners make no concessions. About half the companies in all the Pennsylvania coal districts recommenced work on the sixth.

GETTYSBURG, July 1.—The town is thronged, and many are obliged to stay in the streets all night. The procession marched to the cemetery at 10 o'clock under military escort. General Meade, Governor Morton, Henry Ward Beecher and other participants in the celebration are present.

A Rush to Kansas.

TOPEKA, July 1.—Two hundred and ten thousand, five hundred dollars worth of Pottawatomie lands were sold in the past month, mostly to local settlers. The rush of immigration continues. It is estimated that at least 1,000 new comers are going into Kansas daily.

BY ATLANTIC CABLE

LONDON, July 1.—A dispatch from Miquon, the shore end of the French cable, states that a message was received yesterday at 9 o'clock A. M., from the *Great Eastern*, saying they were going to cut the cable, but since then the signals have ceased, and it is believed the fault was found, and that the *Great Eastern* has buried the cable to return for repairs. The signals were perfect until the above announcement.

A dispatch received from Capt. Sherrard Osborn, at Miquon, the shore end of the French cable, says that at 9 A. M. the *Great Eastern* telegraphed that they were going to bury the cable, which was evidently done, no signals having passed since. There were signs at Miquon early in the morning that something was wrong, but nothing definite was known until the receipt of the *Great Eastern's* dispatch. It is to-day there need be no alarm, and that some fault has been discovered, and the *Great Eastern* is preparing to remedy the trouble. The only inconvenience will be delay.

Lord Laird gave a banquet to Her Majesty's Minister last evening. Gladstone spoke, alluding to the Irish Church bill. He said the Government had bestowed its best endeavors upon the measure, which proved the vital portion of its work for the peace of Ireland and the security of the Empire. Since the bill passed the House of Commons there had been great excitement and much co-operation, and threats of no speech with fraud. During the excitement he and his colleagues remained in a state of great tranquility, for they felt that a review of their work was but a matter to arouse their jealously, but rather calculated to create satisfaction. Although great care had been bestowed on the bill, there was no doubt it still had many faults. Sir Fremier concluded thus: "We shall be grateful for every improvement, and all changes shall be respectively considered, subject to the position in which we stand towards our pledges given, and to the concessions we have received. We tendered the terms of the covenant to the opposition, and shall not forget them when in power."

LONDON, July 2.—The *Times* sees no reason for disquietude on account of the relation between Great Britain and foreign countries. The most important matters to business men are the state of the relation with North America on the Alabama question, and the present condition of France. The Alabama is not more threatening now than a year or two ago.

Johnson's negotiations demonstrate England's willingness to make reasonable concessions. Henceforth it will be impossible to extract a grievance from her acts or demeanor. There is reason to believe that the United States have no desire to push the question in a hostile manner.

The House of Lords to night, continued the consideration of the Irish Church bill. Clauses 25 and 26 were agreed to.

The Marquis of Salisbury moved to strike out clause 27 requiring payments to be made for retention of ecclesiastical residence by the Church.

The Duke of Cleveland moved an amendment authorizing grants to Catholics and Presbyterians. After a long debate the House divided on the amendment, which was lost, 113 to 146.

DUBLIN, July 1.—A severe riot occurred at Portadown to-day, arising out of an Orange demonstration. The police fired upon the rioters, killing one and wounding another.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, July 1.—A man named John McDonald committed suicide at 5 o'clock last evening by shooting himself through the heart. He was a native of Ireland.

Among the arrivals from the east last night were Wm. B. Ogden, Horace White, Hon. John D. Caton, Hon. John B. Turner and David A. Gage, Maj Gen. John B. McIntosh, of the U. S. Army, also arrived last night from Washington, to assume the duties of Superintendent of Indian Affairs of California.

The Assessor of the San Francisco district has fixed the rate of greenbacks for the current month at 75 cts.

The receipts of the Internal Revenue Collector's office last month were $735,000.

The *Golden City* arrived this morning from Panama.

Gen. Winn, some time since, invited Governor Haight to be one of his Marshals in the Fourth of July celebration. The Governor could not see it in that light.

Boilletin, the French Minister to Lima is in this city.

The Oakland celebration promises to be a splendid affair. Senator Stewart will deliver the oration. Edward Ingraham will read the Declaration of Independence. Drake's address will be read by F. M. Campbell, and Rev. Benjamin Ackerly officiates as Chaplain. Numerous State officials, officers in the army, and foreign consuls will participate, and the procession promises to be an imposing affair. A collation for thousands of persons is to be served up, and a grand display of fireworks from the Brooklyn side of Lake Merritt will wind up the occasion.

Monetary.

Celebration at Yreka.

YREKA, July 3.—Yreka is full of patriotic people to day, celebrating the anniversary. Our firemen paraded, an oration was delivered and the fancy fillibusters produced much sport for the lookers on. This morning the turnout was large and creditable for its kind. All passed off harmoniously. Music and fireworks in excess.

NEVADA.

VIRGINIA, July 3.—D. O. Atkinson, the newly appointed Postmaster of this city, took charge of his office yesterday. He retains Frank Warner, the popular Assistant Postmaster.

Virginia will have no general celebration on the Fourth. A national salute and a tournament by the firemen will constitute all the exercises of a public nature. The items are, a race for a silver trumpet, throwing greatest distance through 100 feet of hose for a silver badge, throwing a stream farthest through 100 feet of hose with 2 inch nozzel, for silver engraved fire trumpet.

Thirty seven bars of bullion go down by Wells, Fargo & Co to night.

BY STATE TELEGRAPH.

CANYONVILLE, July 2—6 P. M.—The Canfield Northern Pacific Railroad surveying party passed here to day *en route* overland to Puget Sound. They will examine the Sound next week, and leave for the East via Montana, about the 12th of July.

SALEM, July 3.—The Fourth was celebrated here to day, and the attendance was large. The oration was delivered by S. C. Simpson. The Pioneer ghies were the most interesting scene of the day. The following dispatch was read and received with immense applause:

PORTLAND, July 3, 1869.

Committee of Hornibrooks, Salem: Magnificent country—tallest trees—finest trees—finest women and fattest babies—only country known to produce volunteer crops of children. Bound to succeed. Never saw so much land to the acre. Water-power everywhere. Ben. Holladay promises to have the track laid to Salem and send me up in a palace car, inside of two hours. I will make the biggest speech ever heard in Salem, to your earliest order, this afternoon.

Signed GEO F TRAIN

Fine display of fireworks this evening.

Death of Henry J. Raymond.

COMMENTS OF THE NEW YORK PRESS.

The *Tribune* generously says:

Never so positive and downright in his convictions as his countrymen are apt to be, he was often misjudged as a trimmer and time-server, when in fact he spoke and wrote exactly as he felt and thought. If what he uttered to-day was not in full accordance with what he said yesterday, the difference evinced in his essay was a true reflection of one which had preceded it in his mind. He saw both sides of a controverted issue, and if one of them seemed the juster to-day, the other might nevertheless command his preference to-morrow. This mental constitution or mental fatitude is rare with us and he would have been more favorably judged as a journalist or politician in Great Britain than in this country.

The *World* says:

Mr Raymond as a politician undoubtedly earned for himself the reputation of a "trimmer," but, while we should be inclined to acquiesce in the justice of this appellation, if only it be defined as the greatest of "trimmers," Lord Halifax, defined it for himself, we certainly should contest its application in the ordinary, low, and contemptuous sense of the word. Never was a man more incapable by the constitution of his mind than Mr. Raymond of that intense, uncompromising partisanship which makes political trimming impossible; but the same constitution of his mind redeemed him from the worst perils of trimming as a personal and profligate resource.

The inherent equity of his intelligence was sometimes subordinated by a vague yet ever present sense of the vanity of all human life, and he did injustice to opponents, as he tolerated injustice from them, under a kind of extension of interest in the general bearings and result of things.

The *Sun* says:

As a controversialist it would not be easy to find his equal. His industry was incomparable, his intelligence quick and sure. Without the highest gifts of imagination, he was always clear, forcible and instructive and he knew how to seize the controlling point of a question and present it so that the reader could not fail to understand and be convinced. His judgment was naturally moderate and conservative, free alike from the control of prejudice and of passion and that intensity of conviction which easily passes into fanaticism, and is often dangerous to a public man, was not congenial to his mental organization.

We cannot forbear from quoting the beautiful concluding paragraph of the *Sun's* article:

And so he is gone before he had completed the usual lifetime of man to that world of realities, of which this existence is but the shadow and the preparation. His departure leave a great and mournful void, and those whose hearts are wrung by the sudden disruption of the tie that bound them to him cannot but lament as they stand beside his grave. But he is now more immediately than before in the keeping of that Infinite Love which knows all man's infirmities and orders the beginning and the end of his days.

Oats—quotable, $1 85@1 85 for California, and $1 60@$1 70 for Oregon.

Portland Produce Market.—Wheat has advanced to 75c per bushel for choice white, and 65c for red. Oats under limited receipts, have gone up to 40c per bushel.

Bacon is slightly appreciating, sides bringing 11½c; hams 14c; shoulders not much wanted. Lard is 1c higher; in tins, 16, and in wood 14.

The steamer *Oriflamme* took last Tuesday 425 tons tobacco and wool—of the latter about 600 bales. The warehouses still contain large quantities, seeking shipment.

The advices from below in relation to flour, are, that notwithstanding the advance in the New York and Liverpool markets, there is no export demand, except in limited quantities, for China.

Merchandise market—during the last week, trade has been fair to good. The stage of water in the Columbia river having become so low as to preclude navigation beyond Wallula, business has materially slacked off in that direction; but there has been a compensating increase in the trade with the Willamet valley merchants. Money is coming a little more freely, and all branches of business have a more cheerful aspect than was seen a month ago.

Advices from New York are to the effect that prices for all staple cotton goods are stiffening.

TRAIN'S DISCOURSE LAST NIGHT.—The lecture delivered last night by George Francis Train was full of good points and the best he has delivered here He made a telling argument of the manner in which Oregon has been made to contribute so largely to the wealth of San Francisco; said the very prosperity of that city want to unite this State to them by rail and prevent the construction of a line to Portland; urged that the whole wealth and ... of San Francisco are on a false basis and unless changed must soon collapse; that free trade which some are clamoring for would ruin the laboring interests of this country and build up England; said that our true policy was protection and the erection of mills and factories of every description to build up our industries in every quarter of the Union; ... stated his well known views on the Chinese question, argued that this country needs the labor of every man that can reach it, that it is nonsense to stop to inquire about the color of the laborer's skin when so much is to be done; showed that the movement to keep out the Chinese is identical with the Know Nothing movement of years ago to keep out people from Europe; told the Irish to employ Chinese to do the drudgery and go up astep higher themselves, and expressed the opinion that he was rather a poor specimen of a white who could not make a successful fight against the Chinese. The discourse abounded in telling illustrations, set off with some good acting. Many who heard Train last night are ready to admit that he has more sense than any "charlatan" they ever saw.

VICTORIA, HO!—Here are a few suggestive queries from an outside friend—an Irishman: "Is it all a joke, or are the Fenians in dead earnest? How is it that in Australia, in London, Liverpool, New York, New Orleans, Glasgow, and all over Ireland, meetings are being held and Fenian flags are flying? How is it, as Mr. Train said last night, that when he left Ireland the United States Senate stood 54 to 1 for Johnson's *Alabama* treaty, and after his one hundred and forty "War with England" speech the Senate stood 2 to 54? But suppose we come nearer home. Did the California militia turn out under arms to escort Mr. Train to the Metropolitan Hotel after his "Taking of British Columbia" speech? Did the Fitzgerald Guards fill the stage at Sacramento? Did the ... Guards serenade Mr. Train at the Cosmopolitan Hotel the day of his arrival at Portland? All of these things look like parts of a well arranged plan. But this aside: Ought we to mention the unwonted harmony among the Irishmen, the air of importance and hurry the ... bones wear; the secret sessions, the nightly drills, the ... and determined conduct of the ... since the arrival of Mr. Train? Are our neutrality laws about to be infringed upon, on the Pacific coast? Is there a (Cuban) expedition being fitted out in the Columbia? Why did George Francis Train telegraph from here on last Tuesday Amor de Cosmos, in Victoria: "What is the sentiment in British Columbia in regard to annexation to the United States? [Signed] George Francis Train;" and what was De Cosmos' answer?

... INTELLIGENCE.—We take the subjoined item from the *Advocate*:

Rev. W. H. Hillery will lecture next Tuesday evening, July 6th, at the old M. E. Church, on Taylor street, for the benefit of the A. M. E. Zion Church. Subject: The ... of the Colored Man.

... Union ... ing of all ... sections was announced to ... yesterday in the Christian Church at Eugene City, and to be continued over the Sabbath. Sermon on the ... by Rev. S. O. Adams.

By letter from Bros. Jenkins and Starr, we learn that the Union Camp Meeting for Lebanon and Albany charges is still in progress, and still continues over the 4th of July.

Rev. I. D. Driver preached on last Sabbath morning and evening in the Presbyterian church of this city. The collection in the morning for the ... Bible society was ... to $166. One hundred dollars of this amount was ... by one of our public spirited citizens.

The new A. M. E. Zion Church, on Third street, between ... and Oak ..., will be dedicated to the service of God, next Sunday, July 4th, at 4 o'clock P. M. The ... will be conducted by Elder W. H. Hillery, assisted by Drs. Wythe, Lindsay, Atkinson, Fairchilds and Dillon.

FROM VANCOUVER CITY.—We clip the following from the *City Enterprise*: Cataract Hose Company No. 2 was ... in this city on Saturday evening last.

Work on the Odd Fellows' Hall in this city is progressing rapidly.

The ... bers of Columbia Hook & Ladder Co. have decided to turn out in full uniform and attend the celebration in Portland.

Work was ... ed on the bluff road on Monday morning last, with a small force of men, which will be added to as the work progresses.

Oregon Lodge, No. 3, I. O. O. F., elected officers on last Monday evening for the ensuing term as follows: J. H. Wright, N. G.; F. O. McCown, V. G.; A. Levy, R. S.; S. D. Pope, A. S.; S. Ackerman, Treasurer.

Capt. Aaron Vickers and engineer Felix Kranz returned on Wednesday last from Lake Pend'd Oreille. They ... ted in getting the boats of the Oregon and Montana Transportation Company over a portion of the route to ... ard the lake.

Oregon City will turn out a very respectable delegation for Portland on Monday next. Our city Brass Band, which took the first prize for music at the State Fair last fall, has been ... ged for this occasion.

U. S. DISTRICT COURT—DEADY, JUDGE.—The following are the proceedings of yesterday:

Alfred Crosby vs. ... ship *George S. Wright*; libel for ... ges; decree for libellant in the sum of $72 and costs.

In the matter of J. J. Walton and son; in bankruptcy; ... ... motion to reject the claims of Allen & Lewis and H. Failing against the estate of said bankrupts, set for ... day morning next. Fechheimer for motion; ... ... adverse.

In the matter of L. G. Smith; ... ing on petition for ... order for di... granted. Fechheimer for ...

In the matter of E. A. Foot & Co.; in bankruptcy; by ... and stipulation the injunction against M. S. ... is dissolved. Fechheimer for creditors and ... Shattuck for Woodcock.

Court ... ursed without day.

NEW YORK AND ORIENT.—The *Unionist* says: "We understand that several agents of New York houses are in ... ready to buy our products and sell their own ...

The wheat merchants of that city are also represented and are now traveling through the valley, contracting for old wheat and also the crops to be harvested. The direct line of ships from New York to Portland has been the means of bringing our State prominently ... to ... merchants, and of inducing them to send ... to our here."

Coming events cast their shadows before them. The railroad is the coming event, and the advent of these New York agents in Oregon is the forecast shadow. May the shadow never grow less.

STRUCK WATER.—Some workmen engaged in digging a trench under the kitchen of the Cosmopolitan Hotel, yesterday, ... ed a vein of pure, cold water from which flows a stream more than sufficient to supply the entire ... in of the establishment. The workmen had just reached a ... a stratum of hard clay which, no doubt, had prevented the outbreak of this "living spring." We have since learned that at former times, similar springs have been found at one or two places along the bank of the river above. They all have this peculiarity—that in ... or they furnish a strong stream, while in winter, they flow but very little water.

A BIG HORN.—Tom Parrott, of the Mechanics' Brass Band, has lately received from New York, an 8 flat Tuba, which rather eclipses all the horns this side of Cape Horn. It is what is called a contra-bass. It stands four feet ten inches high, with a muzzle in proportion. It is made of German silver, with rotary valves of very fine ... and cost in New York $135. It came from the celebrated maker, E. Knack. Tom will toot it for the first time in public, at the celebration on Monday, when, if we are not mistaken, our folks will hear some of the ... footing ever heard in this neck of the woods.

ANOTHER DISTINGUISHED VISITOR EXPECTED.—A letter to one of our citizens seems to indicate that we are to have a visit soon from Miss Anna E. Dickinson, whose character for eloquence and intrepidity in the cause of ... and her wrongs has made her famous in the United States. Should she come here she will undoubtedly lecture on her chosen theme and life work. We hope that the "indications" may turn out to be correct.

I. O. O. F.—The officers of Hassalo Lodge No. 15, I. O. O. F., for the ensuing term were installed last evening, as follows: N G, I S Rosenbaum; V G, T M Gatch; R & T S Crawford, Treasurer, Wm Dierdorff; Warden, A G Walling; Conductor, B L Ferdon; R S N G, J W Whalley; L S N G, H L McCall; R S V G, W G Ballard; L S V G, Jos Buchtel; O G, John Rieger; I G, Henry ... ; R S S, D Friedenrich; L S S, J C Cartwright.

NOTARY PUBLIC AND CONVEYANCER.—Mr. E. D. Backenstos has opened an office for the transaction of Notarial, conveyancing and Internal Revenue business. Ned is one of our most competent business men, and, unquestionably, has a more thorough acquaintance with Internal Revenue matters than any other man in the city. We take pleasure in commending him to the patronage of those who may have any business in his line.

DANCING PARTY TO-NIGHT.—Remember the party to-night at the Washington Guard's Armory. Everything has been arranged with a view to having a select company, and a pleasant time. Tickets may be procured of either one of the following committee: W. H. Andrus, Ed. Hinde, W. H. Wood, J. A. Thompson, C. C. Mc ... C. P. Ferry, Wm Braden, C F Stewart, Geo E. Gilbert, Capt E. Cahalin, C. P. Crandall.

UNIVERSALIST CHURCH.—The ... to-morrow morning will be upon the subject of "Christian Patriotism." There will be no evening service.

A LIVELY PROGRAMME.—The Albany *Register* says the Albany firemen have accepted invitations to attend the celebrations at both Salem and Portland. They will come down on the steamer *Albany* to Salem on Saturday—celebrate there—come to Portland on Sunday—celebrate here on Monday and return home on Tuesday and Wednesday. If the Albany firemen *celebrate* this year, there will be no use in trying, hereafter.

DINNER ON THE FIVE.—Everybody should remember the arrangements made by the ladies of the M. E. Church, to set out dinner on Monday. In the audience room of the Taylor Street Church. They will serve all sorts of meats, fowls, vegetables, coffee, tea, and all the usual accompaniments for a good substantial dinner. Refreshments will be served during the entire afternoon and evening.

KEEP TO HEAR TRAIN.—Many urgent dispatches have been received in this city from Salem besieching Train to be at that place to-day. They are extremely anxious to steal him away from Portland. This is very fine to feel. Only a short time ago the salemites were persistently asserting that Train was not coming to Oregon at all and that all Portland was lying in saying that he would be here.

CIRCUS.—The Great Eastern Circus had a good house again last night. Many of the performances were very good. Master Harry Lee's two horse riding act is daring enough to satisfy the most exacting. The trapeze and tumbling acts are excellent, and altogether the evening's entertainment affords the spectators their money's worth. Performance again to-night.

HOO-RAH AND "HOO-RAY."—We learn upon undoubted authority that the East Side Railroad Co. will begin work again on Tuesday next at Oregon City. The road is nearly all graded to that point. The work will begin with about one hundred graders, which number will be increased to five hundred as soon as the men can be obtained.

I. O. O. F.—Members of the several Lodges and Visiting Brothers in the city are requested to meet at the Hall at 3½ o'clock P. M. Monday, July 5th, to participate in the ceremonies of laying the Corner Stone of the Odd Fellows' Hall.

WM. MORTON,
Chairman Committee

ANNUAL SCHOOL EXERCISES.—The annual examination of the classes of Santiam Academy will take place the 12th and 13th of July. ... Beaumont, 13th at 8 o'clock P. M., on which occasion an address will be delivered by Rev. E. H. Judkins. Graduation exercises in the evening, commencing at eight o'clock.

ARRIVAL OF DALLES FIREMEN.—The Dalles firemen are expected to arrive by the steamer *Julia* this evening. The Chief Engineer has called for a delegation from each company to assemble at the O. S. N. Co.'s wharf, at half past four o'clock, to receive and escort them to quarters.

NOTICE.—The little girls who are to ride in Liberty Car on the 5th, as representatives of the several States, are requested by the Committee to meet promptly at 10 o'clock, Monday morning, at the Turn Verein Hall, on First street.

CHEERING.—The printers acknowledge the receipt last evening of something cheering from Johnny Holton and Paddy Martin, who have entered into partnership at Johnny's old place on Alder street.

We are informed by the Superintendent, that very interesting exercises will be held at the M. E. Sabbath School Missionary Concert to-morrow at two o'clock P. M. The public are respectfully invited to attend.

PRESENTATION.—At the meeting of Columbian Engine Co. No. 3, on Thursday evening, a beautiful artificial floral wreath was presented to the company from Miss Emily Morris. The present is duly appreciated.

GREAT IMPROVEMENT IN TELEGRAPHING.—Only a very small fraction of the capacity of the telegraph wire is yet availed of by any instrument now in use. The currents of electricity pass much more rapidly and frequently than any present human means can employ in the transmission of signals. But a new system has been well nigh perfected, which multiplies to an immense extent the present rate of transmission, and which is likely to work a great revolution in the business of telegraphing. Already a rate of from 500 to 1,000 letters a minute has been attained; and it is believed that this can be increased, by improvements in the machinery, to 2,000 letters per minute. If this is realized, and there is no reason to suppose it may not be—the only question being that of the power of human ingenuity to avail itself of the capacity of the electric current,—the telegraph companies will be able to transmit dispatches for about the same price that the post-office now charges for postage on letters. The real expense and delay will be simply reducing the message to writing.

Notice.—Members of "Chebra Ahavi Sholum" are hereby notified to attend a regular monthly meeting, at their hall, on Sunday, July 4th, at two P. M., punctually, as business of importance has to be transacted.

By order of N. GOODMAN, President.
P. LEVIS, Secretary.
Portland, July 3d, 1869.

P. F. D.—Delegations from each company of the Portland Fire Department are requested to meet at the wharf of the O. S. N. Co., at 4½ o'clock, sharp, to-day.

W. H. WEED, Chief Engineer.

ONE HUNDRED DOLLARS REWARD.—A chance to make one hundred dollars! We notice that W. C. Avery, the celebrated trance speaker and rope tier, will give one of his wonderful exhibitions of power to tie and untie himself. He ties himself in such a way that he gives any one the sum of *one hundred* dollars who will untie him. He performs without the aid of spirits.

Performance on Tuesday night, July 6th, at Oro Fino Theater. Doors open at 7½ o'clock; performance at 8½ o'clock. Front seats reserved for ladies. Admission, 50 cents; reserved seats, 75 cents.

NO USE for doctors except for surgical operations. Use "Macamoose" and cure yourself—it is a perfect health restorer.

NOTICE.—An adjourned meeting of the Board of Delegates of the Portland Fire Department will be held this evening at 8 o'clock.

E. D BACKENSTOS,
Secretary P. F. D.

THE DAY fixed to commence work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & FISHEL will continue to sell the very best clothing in that time at remarkably low figures.

"Nothing is hazarded in pronouncing this one of the handsomest things in American Poetry."—*Oregonian.*

"We consider these as among the best Poems, taken altogether, ever published in Oregon."—*Herald.*

THIS VOLUME IS THE BRAIN-WORK OF THE Pioneer Poet of the North-west, and should find a hearty welcome in every household throughout Oregon, Washington and Idaho. It is also a most fitting souvenir to forward to friends in the Atlantic States.

Copies mailed free to any portion of the Union on receipt of price.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

Washington, D. C.

CHARTERED BY SPECIAL ACT OF CONGRESS!

APPROVED JULY 25, 1868.

CASH CAPITAL,

$1,000,000.

OFFICERS:

CLARENCE H. CLARK, Philadelphia, President.
JAY COOKE, Chairman Finance & Executive Committee.
HENRY D. COOKE, Washington, Vice President
EMERSON W. PEET, Philadelphia, Secretary & Actuary
E. S. TURNER, Washington, Assistant Secretary.
FRANCIS G. SMITH, M. D., Medical Director
J. EWING MEARS, M. D., Assistant Medical Director.

THE ATTENTION OF PERSONS CONTEMPLATing insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the NATIONAL LIFE INSURANCE COMPANY.

NO MONEY SENT OUT OF THE STATE.

ALL PREMIUMS RECEIVED INVESTED IN THE STATE.

THE ADVANTAGES OFFERED ARE:

It is a National Company, chartered by special Act of Congress, 1868.

It has a Paid-up Capital of $1,000,000.

It offers Low Rates of Premium.

It furnishes Larger Insurance than other Companies for the same money.

It is Definite and Certain in its Terms.

It is a Home Company in every locality.

Its Policies are Exempt from Attachment.

There are no Unnecessary Restrictions in the Policies.

Every Policy is Non-forfeitable.

Policies may be taken which Pay to the Insured their Full Amount and Return all the Premiums, so that the Insurance costs Only the Interest on the Annual Payments.

Policies may be taken that will Pay to the Insured, after a certain number of years, During Life, an Annual Income of One-Tenth the amount named in the Policy.

No Extra Rate is charged for Risks upon the Lives of Females.

Insures Not to Pay Dividends, but at so low a cost that dividends will be impossible.

Its Policies are Negotiable.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its Policies at their value which, when accompanied by the Policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says: "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."
